

Uniting Communities ... Preparing the Nation!

Ohio Citizen Corps engages citizens in **hometown preparedness** through public education and training. Our mission is to establish a pool of volunteers who will supplement first responders in the event of a disaster.

Get involved - **Register As A New Volunteer:** www.serveohio.org

"Preparedness is a shared responsibility and everyone" including businesses, universities and non-profit organizations" has a role to play. Ensuring our private sector partners have the information and training they need to respond to disasters will strengthen our efforts to build a culture of preparedness nationwide."

- Department of Homeland Security (DHS)
Secretary Janet Napolitano

Ohio Citizen Corps operates the following programs.

Volunteer during
disasters

Ohio Citizen Corps Offers Spanish Resources

In an effort to reach a broader audience, Ohio Citizen Corps has been working with the Ohio Homeland Security/Multicultural Affairs Office to translate important resources for Spanish-speaking populations.
